PAGE

Algebra, Blank Forms in 59
Algebra in the High School, Business Arithmetic versus 101
Arithmetic Committee, Report of the 118
Authors:
- Butz, Carrie 27
- Chambers, George Gailey 89
- Evans, Mary Adelle 17
- Holder, F. J. 24
- Liden, A. R. 154
- Manning, Henry P. 49
- Merrett, H. T. 135
- Metzler, G. F. 159
- Morrison, H. C. 141
- Ransom, W. R. 1
- Robertson, Jean F. 15
- Schlauch, W. S. 114
- Singer, E. A. 162
- Van Ingen, B. C. 11
- Van Tuyl, G. H. 101
- Weaver, J. H. 86
- Webb, H. E. 37
- Wheeler, A. E. 59
- Whitford, E. E. 68

Binomial Surd, Application of the Pell Equation to the Problem of Extraction of Cube Root of a 68
Blank Forms in Algebra 59
Bodies, The Five Platonic 86
Books in the Examination in Trigonometry, Use of Text 11
Books, New 34, 72, 128, 173
Boys, How Should Secondary Mathematics for Girls Differ from that for 15, 17
Bureau, Teachers (e) 83
Cube Root of a Binomial Surd, Application of the Pell Equation to the Problem of Extracting the 68
Committee, Report of the Arithmetic 118
Curriculum? What Mathematical Subjects Should be Included in the College 24
Dimensions, Geometry of Four 49
Discussion of Mr. Van Tuyl's Paper 114
Editorials 83, 84, 85
Equations, Reversal 135
Examination in Trigonometry, Use of Text Books in the 11

Forms in Algebra, Blank 59
Fractions, Decomposition into Partial 159
Freshman, Radicals for the 154
Geometry of Four Dimensions 49
Geometer, The Last Greek (e) 84
Germany, The Mathematical Training of Girls in 27
Girls Differ from that for Boys? How Should Secondary Mathematics for 15, 17
Grammar School Mathematics 37
High School, Business Arithmetic versus Algebra in the 101
High School, Reconstructed Mathematics in the 141
Luck, The Mathematician and his 167
Mathematics for Girls Differ from that for Boys? How Should Secondary 15, 17
Mathematics, Grammar School 37
Mathematical Pessimist, The 1
Mathematics in the High School, Reconstructed 141
New Books 34, 72, 128, 173
Notes and News 36, 78, 131, 179
Partial Fractions, Decomposition into 159
Pessimist, The Mathematical 1
Platonic Bodies, The Five 86
Questions, A Study of the Reliability of Test 89
Radicals for the Freshman 154
Reliability of Test Questions, A Study of 89
Report of the Arithmetic Committee 118
Root of a Binomial Surd, Application of the Pell Equation to the Problem of the Cube 68
